RICH'S Fire - Proof Safes !! FACTS SPEAK LOUDER THAN WORDS!!

A T the great fire which broke out in Warren and Morray streets, New York, 9th November last, where proprty to the amount of

the morning of the 9th inst. our most valuable books and papers were exposed for 36 hours in one of Stearns & Marvin's Fire-Proof Sates.

We say fire proof, not because they are so labeled, but because we have so proved them. Our books and papers came out uninjured, save the hinding of the books, occasloned by steam.

Our store was five stories above ground, and two stories below, compiled from cellar to garret. The intensity of the heat can be attested by any fireman who witnessed it.

No furnace could be contrived by the ingenuity of man. to create a more intense heat. We columnarily give this tribute to the value of these Safes, and select your widely circulated commercial journal to inform the mercantile community what estimate to piece upon Stearns & Marvin's Wilder Patent Salamander Safes.
